PAPERWORK REDUCTION ACT STATEMENT

Title 49 United States Code (49 U.S.C.) § 44703(h), Records of Employment of Pilot Applicants, as amended, requires all air carriers to request FAA records and Air Carrier and Other Records concerning an individual before allowing that individual to begin service as a pilot. 49 U.S.C. § 44703(h)(8) requires the FAA Administrator to promulgate standard forms to request records. The information entered on the standard forms will be used to facilitate search and retrieval of the required records. It is estimated that the average burden per respondent associated with the collection of FAA Records [this collection] is 10 minutes. If you wish to comment on the accuracy of this estimate or submit suggestions for reducing the burden, you may write to: Federal Aviation Administration, Air Transportation Division, AFS-200, 800 Independence Avenue, SW, Washington, DC 20591. The requirement to collect background information on the pilots before allowing the pilot to begin service is mandatory; the use of this form is not. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The control number assigned to this collection is 2120-0607.
